

# You are invited to join The Johrei Art of Living One Day Seminar

Come and join us

for this rich and exciting day which will give you an insight  
into a wonderful new practice to energise and spiritualise your life!

Mokichi Okada, the founder of Johrei

Mr. Okada's three pillared philosophy is based upon:

- The Art of Healing – Being in the right relationship to the Divine and sharing a daily healing self-help practice with family, friends and colleagues
- The Art of Nature – Being in the right relationship with nature through eating healthy natural foods and being environmentally aware and
- The Art of Beauty – Consciously bringing beauty into our thoughts, words, actions and surroundings.

*"I have been greatly moved by the power and potential of Johrei as an important new spiritual self-help practice. Johrei is a profound and elegant Japanese spiritual teaching for a healthy and happy life based upon the wisdom and philosophy of Mr. Mokichi Okada."*

## You will share an exquisite experience of:

- Participating in Japanese cultural activities, such as Ikebana flower arrangement, Japanese tea ceremony and traditional blush calligraphy

- Personal Johrei healing

You will also learn about the core theory and scientific studies into Johrei.
